   C. III. Old Business
   A. The Faculty Council recommendation to Faculty Senate regarding standards to be applied when standards have changed since faculty member’s initial appointment or promotion to current rank, was returned for clarification and reconsideration, particularly the time period of applicable standards. After discussion, the motion was made (Professor Colvin), seconded (Professor Wiley) and approved to table action on this matter until another draft incorporating the intent of the Council’s discussion could be prepared.
   B. Professor Colvin indicated that a subcommittee has met regarding the topic of recognition for outstanding teachers. A report will be presented at the next Council meeting.
IV. New Business
A. President Carlson referred to the memo attached to the Council agenda re: Schedule for reviews of Central Academic Officers. He and President Coleman propose the following schedule for the next cycle of reviews:

Office of the Provost
1999-2000: self-study prepared; review committee appointed
2000-2001: review process

Office of the President
2000-2001: self-study prepared; review committee appointed
2001-2002: review process

Office of the VP for Research
2001-2002: self-study prepared; review committee appointed
2002-2003: review process

Office of the VP for University Relations
2003-2004: self-study prepared; review committee appointed
2004-2005: review process

Office of the VP for Finance/University Services
2005-2006: self-study prepared; review committee appointed
2006-2007: review process

Office of the VP for Student Services
2006-2007: self-study prepared; review committee appointed
2007-2008: review process

There was discussion regarding the review process. President Carlson stated that members of the review committee are appointed by the Faculty Senate President and Central Administration, with the advice and consent of the Senate. Review committees include two faculty members. In response to inquiries re: whether the Office of the General Counsel is subject to review, President Carlson is seeking information and advice. Although this Office has not been reviewed in the past, on the University’s organizational chart, the Office of the General Counsel is equivalent to those of the VPs. All of the current reviews are lagging behind. There is a need to streamline the review process for central administrative and collegiate reviews. A number of concerns were raised about the time and effort spent in carrying out reviews, and suggestions were made about how these might be reduced or made more efficient.

The motion was made (Professor Aquilino), seconded (Professor Colvin) and passed to approve the schedule of reviews as listed above.
B. Maile Sagan (staff ombudsperson), Professor Lois Cox (immediate past faculty ombudsperson), and Professor Bernard Sorofman (newly-appointed faculty ombudsperson) presented an overview of the 13TH Annual Report of the Office of the Ombudsperson. They noted that, while the number of faculty complaints were down last year, they were up 48% this year. Particular areas of complaints for faculty were identified: (1) Promotion and tenure: departments and colleges vary widely in their compliance with mandated University policy that they provide faculty with clear, written expectations of standards for promotion and tenure; (2) Faculty leave policies (Provost Whitmore and Associate Provost Clark indicated that one of these policies, i.e., regarding the Old Gold fellowships, has been clarified and implemented; (3) Responsiveness and timeliness: This problem was noted in last year’s Annual Report and has not improved. Time deadlines in university procedures are often ignored to the detriment of the complaining or grieving faculty member. In addition, administrators at every level of the University need to increase their responsiveness to internal concerns.

C. Agenda for special Faculty Senate meeting to discuss IWP. The Task Force Report on the Future of the University of Iowa International Writing Program has been completed and submitted to President Coleman and Provost Whitmore. It is available on the University’s website. President Carlson has called a special meeting of the Faculty Senate for October 26, 1999 to provide opportunity for faculty input. It was suggested that guests may be invited to address the Senate and that the Council present a draft resolution to guide the Senate’s discussion. A preliminary working document of a possible draft resolution was distributed and discussed. It was determined that another draft was needed in order to incorporate suggestions and to include a response to the Task Force Report. The motion was made (Professor Colvin), seconded (Professor Bhattacharjee), and approved to schedule another Council meeting on October 19, 1999 to discuss the Task Force Report. The motion was made (Professor Cox), seconded (Professor Colvin) and approved to delay sending out a proposed resolution to faculty senators until a revised draft was presented at the October 19 Council meeting.

V. A motion to adjourn was made and approved at 5:17 PM.

Respectfully submitted,

Jean Jew, Secretary
